

Niall Corcoran
Portfolio

Hi, nice to meet you.

www.niallcorcoran.ie

Niall Corcoran

Graphic/Digital/Web Designer

Born: 1993, Cavan, Ireland

Location: Dublin, Ireland

Education:

Graduated from Institute Technology of Sligo in 2016 with BsC. in Web Development & Creative Media and BA in Software Development.

Activity:

My key interests include branding development, logo creation and web design. I like creating graphics and Illustrations using geometric shapes and bright colours.

Case #1:

e-station

Year: 2018

Type: Logo, Branding
& Web Design

'Specialising in the installation of EV
Chargers across Ireland'.

e-station supply, install and support Electric
Vehicle Charging Solutions for Residential,
Commercial and Public Sector clients.

They provide a range of equipment designed
to meet the varied needs of our customers,
from simple "Plug & Play" solutions to more
sophisticated networked systems.

These systems can be metered and managed
by a suite of software accessed by PC, tablet
or smartphone and allow for the consumption
of electricity to be managed and monetised.

CASE: e-station

2018

Case #2:

Vector Automotive Parts

Year: 2017

Type: Logo, Branding
& Packaging

'Premium Braking Products at
a Affordable Prices'.

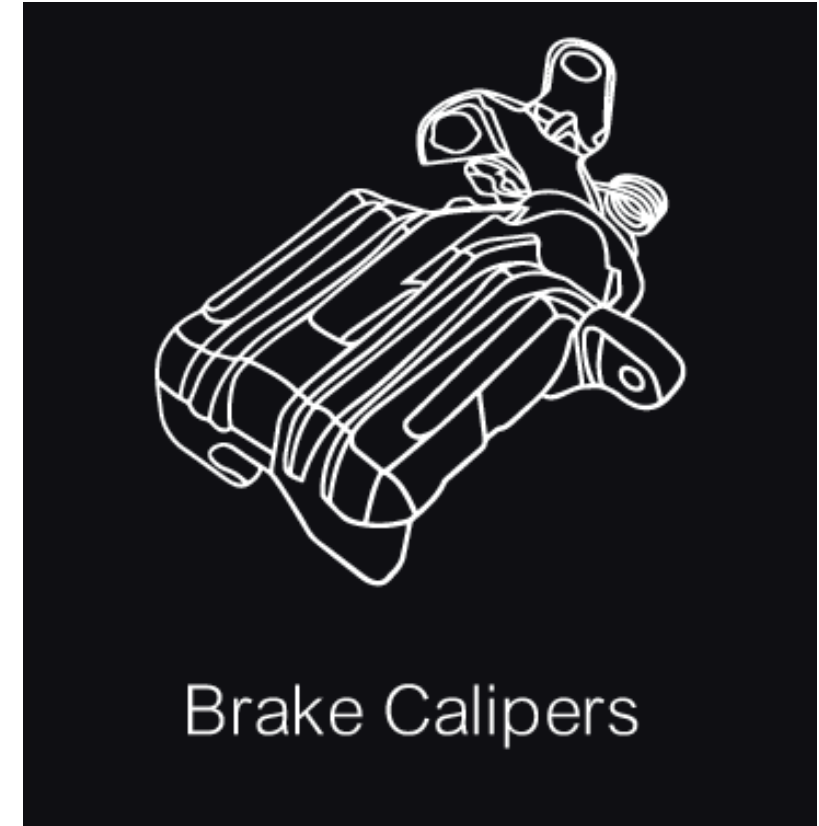

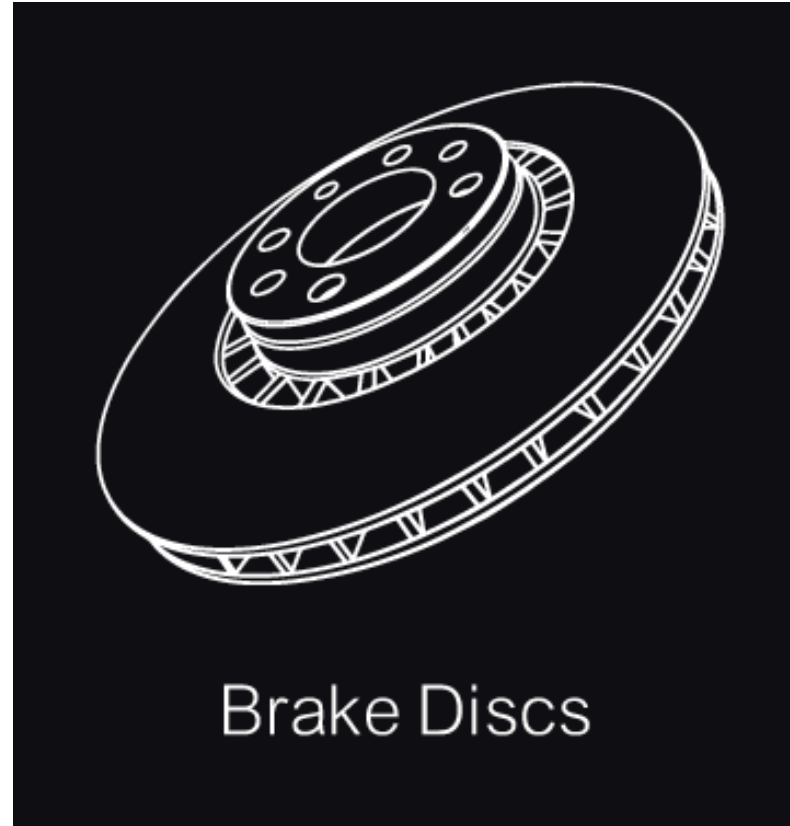

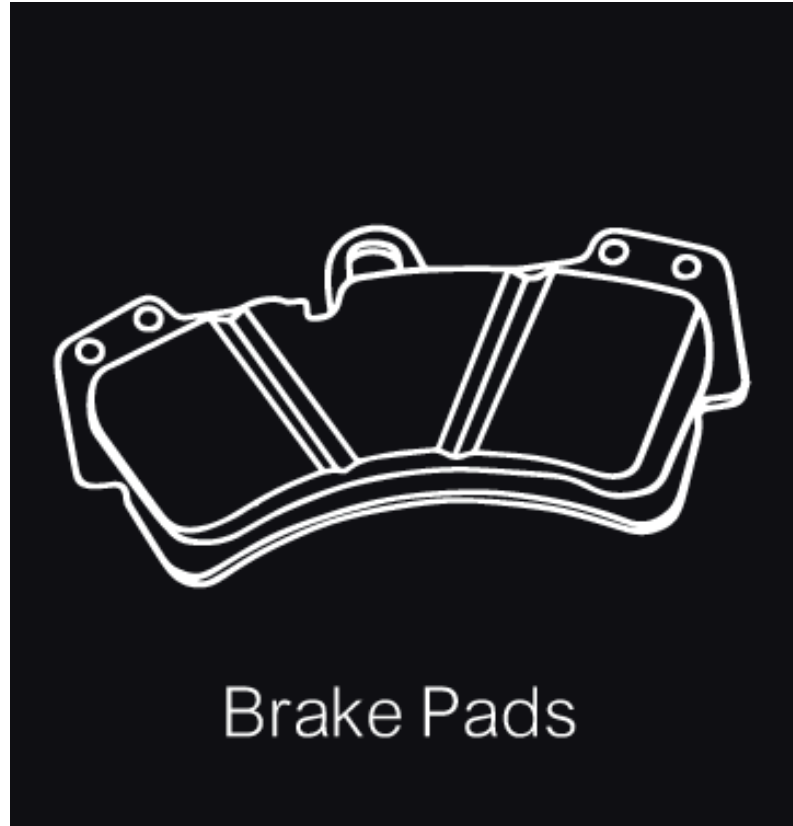

Vector is an OE braking automotive brand and part
of the J&S Automotive Group - Ireland's largest
automotive aftermarket distributor.

Vector supplies braking parts independent Motor
Factors and Garages, including Brake Pads, Brake
Discs, Brake Calipers and Brake Cables.

From specification, development and testing to raw
material procurement, manufacturing, and quality
control, every stage of the process is entirely under their
control. It means that customers can choose Vector
with total confidence.
